FUNCTIONALITY
DESIGN
TECHNOLOGY & PERFORMANCE

BEKO refrigerators and freezers combine functional inner space with beautiful outer appearance. The products are distinguished with their design that makes the refrigerator go beyond the standard function of "preserving food" and turn it into a center of style and functionality.

TECHNOLOGY & PERFORMANCE

A+ Energy Efficiency
"A+ Class" energy efficiency products do not only contribute to the family budget, but also to the environment. An "A + Class" product consumes up to 24% less energy than an identical A+ class one.

A Energy Efficiency
"A Class" energy efficiency products do not only contribute to the family budget, but also to the environment. An "A Class" product consumes up to 17 % less energy than an identical "B Class" one.

No Frost
The No Frost system eliminates the formation of ice on food and on the interior of the appliance, which means no defrosting ever. The system does not only make the refrigerator hassle-free and easy to use, but also provides the right temperature for a better preservation of food throughout the fridge.

Semi No Frost (Freezer only)
Thanks to the No Frost system, no need to defrost the freezer anymore. Enjoy the hassle-free lifetime use of your product, without the de-icing procedures.

Quick Fridge
Provides rapid cooling in the fresh food section, especially after adding new food.

Surround Flow Cooling
Surround flow cooling is the multi directional air circulation system in the fridge. This system:
- Quickens the cooling, therefore the temperature changes in the fridge, due to addition of new food or frequent opening of the door are quickly recovered.
- Ensures that the set temperatures are evenly achieved everywhere in the fridge.

As a result, food stays fresh for a longer period of time, and every little space in the fridge can be fully utilised.

Quick Freeze
Provides rapid freezing for the new food added to the freezer section in a healthier way and without affecting the temperature of the existing food. With the touch of only one button, you can simply ensure the healthiness of your food.

CLEVER SOLUTIONS

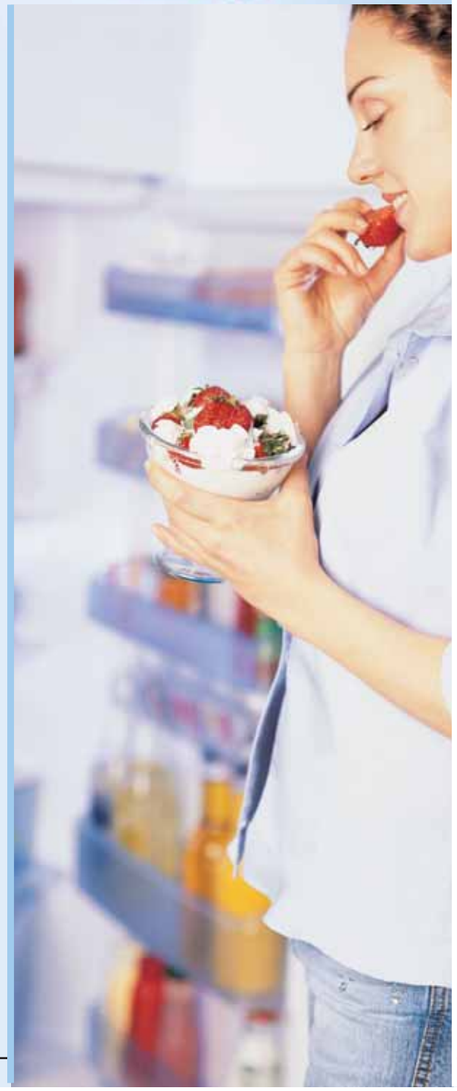
Adjustable Glass shelves
Made of tempered safety glass, adjustable glass shelves are
- Versatile enough to permit the maximum usage of the available space
- Strong and durable
- Spill proof and extremely easy to clean

The shelves can be taken out even when the door-opening angle is only 90^0, facilitating adjustment in very limited spaces.

Easy Handle
The vacuum effect frequently happening on bigger capacity models is overcomed by the "easy handle". This handle, available on big capacity larder and upright freezer models, provides easy opening without extra effort.

Twist & Serve Icecube Tray
The icecube tray available on top mount No Frost models provides easy access to the ice cubes. All you need to do is "twist & serve".

The "Big" Compartment
The "big" compartment in the upright freezer provides you with larger space to keep bigger items. This compartment has around 30 % more space then a standard compartment.



Transparent Freezer Drawers

The front part of the freezer drawers are made of transparent material to be able to see what is inside as soon as the freezer door is opened.

Door Open Alarm

The buzzer alarm on electronic No-Frost models warns that the refrigerator door has been left open.

Multi Hygiene + Antibacterial Package

The Multi Hygiene + package provides a healthy environment in the fridge and consequently allows the food to preserve its healthiness and freshness for a longer period of time. The package consists of three advanced hygiene systems:

- The Hygiene + system, which is an advanced version of the Anti Odour Filter that does not only prevent the formation of odour but also acts as a bacterial trap.
- The Silver + system, which is a special coating appplied to the inner door liner that prevents the microorganisms and bacteria growth.
- The Ion+, which is an air purifying system that prevents that airborn bacteria and odour producing molecules formation.

The Antiodour Filter

The special filter placed between the fresh food and freezer sections of No-Frost models kills any type of odour inside the fridge, and does not allow the smell of one food penetrate the others. The fridge stays free of smell. This filter can be easily refreshed by direct exposure to sunlight; hence it can be used throughout the useful life of the appliance without replacement.

The Antibacteria Filter

The special filter placed between the fresh food and freezer sections of No-Frost models kills any type of odour inside the fridge, and does not allow the smell of one food penetrate the others. In addition to its smell killing effect, the filter acts as a bacteria trap that provides a healthier environment to preserve food. The fridge stays free of smell and more hygienic. This filter can be easily refreshed by direct exposure to sunlight; hence it can be used throughout the useful life of the appliance without replacement.

FUNCTIONAL INTERIOR DESIGN

Icebank

Incorporated in the freezer sections of combi and freezer models, the icebank provides useful space for making and storing ice cubes and freezing small fruits.

Water Dispenser

The water dispenser on some BEKO models easily accommodates oversized cups, sports bottles etc. Light-touch dispensing paddles push back so easily, providing easy access to water.

Rotating Crisper with Sliding Tray

Rotating crisper provides easy access to the food stored in the crisper even if the space is very limited and the door of the refrigerator can not be opened at full length. The sliding tray provides a safe space for delicate items such as parsley, strawberries etc.

Tilt-Out Bins

The sliding storage bins placed under the door rack extend forward for conventional access and are ideal for storing the small items that are required to be ready at hand.

Dairy Compartment

The upper door shelf, thanks to its transparent cover, provides ideal space for preserving dairy products from drying.

Multi-Purpose Compartments

The drawers on top of crispers can be used as chiller compartments for storing food at 00C, or as extra crispers depending on the need, by simply adjusting the wall switch.

Bottle Holder

The bottle holder hung by the side of the glass shelves is a functional solution to make more use of the idle space between two shelves.

Bottle Rack

The chrome bottle rack placed inside the cabinet provides ideal space for cooling bottles, while maximizing the utilization of the available space in the refrigerator.

CNE 32100

Full No Frost Combi fridge/freezer
- 320 lt total gross volume
- Dimensions: 186,5x60x60 cm

FRESH FOOD COMPARTMENT
- 3 glass shelves
- 4 full width door racks
- Bottle rack
- 2 tilt out bins under door rack
- Dairy Compartment
- Auto Defrost

FREEZER ****
- Icebank
- 3 Plastic compartments

PERFORMANCE
- Energy Efficiency Class: A
- Energy Consumption: 0,947 kW/ 24 hr
- Freezing Capacity: 5 kg/24hr
- Climatic Class : SN

CHE 42200 / 46260

Semi No Frost Combi fridge/freezer
- 455 lt total gross volume
- Dimensions: 191x70x62,5 cm

FRESH FOOD COMPARTMENT
- 3 glass shelves
- 4 full width door racks
- Bottle rack
- 3 tilt out bins under door rack
- Auto Defrost

FREEZER ****
- Twist & Serve Icetray
- 3 Plastic compartments

PERFORMANCE
- Energy Efficiency Class: A
- Energy Consumption: 1,068 kW/ 24 hr
- Freezing Capacity: 4 kg/24hr
- Climatic Class : SN

- **Available with B energy efficiency, in T climatic class and wire shelves as CHE 46260**

CA 7015 FF S

Semi No Frost Combi fridge/freezer
- 410 lt gross volume
- Dimensions: 191x70x60 cm

FRESH FOOD COMPARTMENT
- 3 glass shelves
- 2 full width, 2 half width door racks
- Bottle rack
- Water dispenser
- Auto Defrost

FREEZER ****
- Twist & Serve Icetray
- 4 Plastic compartments

PERFORMANCE
- Energy Efficiency Class: A
- Energy Consumption: 1,071 kW/ 24 hr
- Freezing Capacity: 6 kg/24hr
- Climatic Class : SN

CHE 33200

Semi No Frost Combi fridge/freezer
- 330 lt total gross volume
- Dimensions: 186,5x60x60 cm

FRESH FOOD COMPARTMENT
- 3 glass shelves
- 4 full width door racks
- Bottle rack
- 2 tilt out bins under door rack
- Dairy Compartment
- Auto Defrost

FREEZER ****
- Icebank
- 3 Plastic compartments

- Icebank
- 3 Plastic compartments

PERFORMANCE
- Energy Efficiency Class: A
- Energy Consumption: 0,884 kW/ 24 hr
- Freezing Capacity: 6kg/24hr
- Climatic Class : SN

CHE 24000

Semi No Frost Combi fridge/freezer
- 240 lt total gross volume
- Dimensions: 152x54x60 cm

FRESH FOOD COMPARTMENT
- 2 glass shelves
- 3 full width door racks
- Bottle holder
- Dairy Compartment
- Auto Defrost

FREEZER ****
- Icebank
- 3 Plastic compartments

PERFORMANCE
- Energy Efficiency Class: A
- Energy Consumption: 0,803kW/ 24 hr
- Freezing Capacity: 3,5 kg/24hr
- Climatic Class : SN

CDA 38200

Combi fridge/freezer
- 380 lt gross volume
- Double compressor
- Dimensions: 201x59,5x60 cm

FRESH FOOD COMPARTMENT
- 4 glass shelves
- 5 full width door racks
- 2 tilt out bins under door rack
- Bottle rack
- Dairy Compartment
- Auto Defrost

FREEZER ****
- Icebank
- 3 Plastic compartments

PERFORMANCE
- Energy Efficiency Class: A
- Energy Consumption: 0,961 kW/ 24 hr
- Freezing Capacity: 9 kg/24hr
- Climatic Class : SN

CDE 34300

Combi fridge/freezer
- 340 lt total gross volume
- Double compressor
- Dimensions: 186,5x60x60 cm

FRESH FOOD COMPARTMENT
- 3 glass shelves
- 4 full width door racks
- Bottle rack
- 2 tilt out bins under door rack
- Dairy Compartment
- Auto Defrost

FREEZER ****
- Icebank
- 3 Plastic compartments

PERFORMANCE
- Energy Efficiency Class: A
- Energy Consumption: 0,898 kW/ 24 hr
- Freezing Capacity: 9 kg/24hr
- Climatic Class : SN

CDE 34210

Combi fridge/freezer
- 340 lt total gross volume
- Double compressor
- Dimensions: 186,5x60x60 cm

FRESH FOOD COMPARTMENT
- 3 wire shelves
- 4 full width door racks
- Auto Defrost

FREEZER ****
- Icebank
- 3 Plastic compartments

- Energy Efficiency Class: A
- Energy Consumption: 0,898 kW/ 24 hr
- Freezing Capacity: 9 kg/24hr
- Climatic Class : SN

CSA 34000 / 34000 S / 34020

Combi fridge/freezer
- 340 lt total gross volume
- Dimensions: 186,5x59,5x60 cm

FRESH FOOD COMPARTMENT
- 3 glass shelves
- 4 full width door racks
- Bottle rack
- 2 tilt out bins under door rack
- Dairy Compartment
- Auto Defrost

FREEZER ****
- Icebank
- 3 Plastic compartments

PERFORMANCE
- Energy Efficiency Class: A
- Energy Consumption: 0,914 kW/ 24 hr
- Freezing Capacity: 7 kg/24hr
- Climatic Class : SN

- **Available in silver as CSA 34000 S and with A+ energy efficiency class as CSA 34020**

CSE 34000 / 34000 S / 34000 X / 37080

Combi fridge/freezer
- 370 lt total gross volume
- Dimensions: 186,5x60x60 cm

FRESH FOOD COMPARTMENT
- 3 glass shelves
- 4 full width door racks
- Bottle rack
- 2 tilt out bins under door rack
- Dairy Compartment
- Auto Defrost

FREEZER ****
- Icebank
- 3 Plastic compartments

PERFORMANCE
- Energy Efficiency Class: A
- Energy Consumption: 0,898 kW/ 24 hr
- Freezing Capacity: 5 kg/24hr
- Climatic Class : SN

- **Available in silver as CSE 34000 S, in inox as CSE 34000 X and with A+ energy efficiency class as CSE 34020**
- **Available with B energy efficiency, in T climatic class and wire shelves as CSE 37080**

CSE 31001

Combi fridge/freezer
- 310 lt total gross volume
- Dimensions: 182x54x60 cm

FRESH FOOD COMPARTMENT
- 3 glass shelves
- 3 full width door racks
- Bottle Holder
- Dairy Compartment
- Auto Defrost

FREEZER ****
- Icebank
- 4 Plastic compartments

PERFORMANCE
- Energy Efficiency Class: A
- Energy Consumption: 0,901 kW/ 24 hr
- Freezing Capacity: 7 kg/24hr
- Climatic Class : SN

CSE 31020 / 31000

Combi fridge/freezer
- 310 lt total gross volume
- Dimensions: 171x60x60 cm

FRESH FOOD COMPARTMENT
- 2glass shelves
- 3 full width door racks
- Bottle Holder
- Dairy Compartment
- 2 tilt out bins under door rack
- Auto Defrost

FREEZER ****
- Icebank
- 3 Plastic compartments

PERFORMANCE
- Energy Efficiency Class: A+
- Energy Consumption: 0,652 kW/ 24 hr
- Freezing Capacity: 4 kg/24hr
- Climatic Class : SN

Available with A Energy efficiency as CSE 31000

CSA 29000

Combi fridge/freezer
- 295 lt total gross volume
- Dimensions: 171x54x60 cm

FRESH FOOD COMPARTMENT
- 3 glass shelves
- 4 full width door racks
- Bottle Holder
- Dairy Compartment
- Auto Defrost

FREEZER ****
- Icebank
- 3 Plastic compartments

PERFORMANCE
- Energy Efficiency Class: A
- Energy Consumption: 0,816 kW/ 24 hr
- Freezing Capacity: 4 kg/24hr
- Climatic Class : SN

CSE 29000 / 29000 S / 29020

Combi fridge/freezer
- 295 lt total gross volume
- Dimensions: 171x54x60 cm

FRESH FOOD COMPARTMENT
- 3 glass shelves
- 3 full width door racks
- Bottle Holder
- Dairy Compartment
- Auto Defrost

- 2 glass shelves
- 3 full width door racks
- Dairy compartment
- Auto Defrost

FREEZER ****
- Ice cube tray

PERFORMANCE
- Energy Efficiency Class: A
- Energy Consumption: 0,608 kW/ 24 hr
- Freezing Capacity: 2 kg/24hr
- Climatic Class : SN

TSE 1410

Table Top Larder Fridge
- 135 lt total gross volume
- Dimensions: 84x54,5x60 cm

FRESH FOOD COMPARTMENT
- 3 glass shelves
- 3 full width door racks
- Dairy compartment
- Auto Defrost

PERFORMANCE
- Energy Efficiency Class: A
- Energy Consumption: 0,415 kW/ 24 hr
- Climatic Class : SN

FNE 26400 / 29480

No Frost Upright freezer
- 285 lt total gross volume
- Dimensions: 173 x60,5x60 cm
- Easy handle

FREEZER ****
- Ice bank
- 5 plastic drawers, 2 flaps
- Big box
- Auto Defrost

PERFORMANCE
- Energy Efficiency Class: A
- Energy Consumption: 0,814 kW/24hr
- Freezing Capacity: 20 kg/24hr
- Climatic Class : SN

- **Available in B energy efficiency and T climatic class as FNE 29480**

FNE 21400

No Frost Upright freezer
- 210 lt total gross volume
- Dimensions: 153,5x60,5x60 cm
- Easy handle

FREEZER ****
- Ice bank
- 4 plastic drawers, 2 flaps
- Big box
- Auto Defrost

PERFORMANCE
- Energy Efficiency Class: A
- Energy Consumption: 0,748 kW/24hr
- Freezing Capacity: 16 kg/24hr
- Climatic Class : SN

FSE 27300 / 30380

Upright freezer
- 295 lt total gross volume
- Dimensions: 173,5x60,5x60 cm
- Easy handle

FREEZER ****
- Ice bank
- 5 plastic drawers, 2 flaps
- Big box

PERFORMANCE
- Energy Efficiency Class: A
- Energy Consumption: 0,767 kW/24hr
- Freezing Capacity: 22 kg/24hr
- Climatic Class : SN

- **Available in B energy efficiency and T climatic class as FSE 30380**

FSE 24300 / 27380

Upright freezer
- 265 lt total gross volume
- Dimensions: 153,5x60,5x60 cm
- Easy handle

FREEZER ****
- Ice bank
- 4 plastic drawers, 2 flaps
- Big box

PERFORMANCE
- Energy Efficiency Class: A
- Energy Consumption: 0,721kW/24hr
- Freezing Capacity:15 kg/24hr
- Climatic Class : SN

- **Available in B energy efficiency and T climatic class as FSE 27380**

FSE 21300

Upright freezer
- 210 lt total gross volume
- Dimensions: 145x54x60 cm

FREEZER ****
- Ice bank
- 4 plastic drawers, 1 flap

PERFORMANCE
- Energy Efficiency Class: A
- Energy Consumption: 0,698kW/24hr
- Freezing Capacity: 11 kg/24hr
- Climatic Class : SN

FSE 1010

Table Top Freezer
- 102 lt total gross volume
- Dimensions: 84x54,5x60 cm

FREEZER ****
- Icebank
- 2 drawers, 1 flap
- Ice cube tray

PERFORMANCE
- Energy Efficiency Class: A
- Energy Consumption: 0,561 kW/ 24 hr
- Freezing Capacity: 10,5 kg/24hr
- Climatic Class : SN

HS 10 HB

Chest freezer
- 112 lt total gross volume
- Dimensions: 86x54x60 cm

FREEZER ****
- 1 wire basket

PERFORMANCE
- Energy Efficiency Class: B
- Energy Consumption: 0,590 kW/24hr
- Freezing Capacity:5 kg/24hr
- Climatic Class : SN

HS 20 CC

Chest freezer
- 202 lt total gross volume
- Dimensions: 86x75,1x72,5 cm

FREEZER ****
- 1 wire basket
- Lock&key

PERFORMANCE
- Energy Efficiency Class: C
- Energy Consumption: 0,865 kW/24hr
- Freezing Capacity:9 kg/24hr
- Climatic Class : T

HS 32 CC

Chest freezer
- 315 lt total gross volume
- Dimensions: 86x110,1x72,5 cm

FREEZER ****
- 2 wire baskets
- Lamp
- Lock&key

PERFORMANCE
- Energy Efficiency Class: C
- Energy Consumption: 1,150 kW/24hr
- Freezing Capacity:15 kg/24hr
- Climatic Class : T

HS 40 CC

Chest freezer
- 395 lt total gross volume
- Dimensions: 86x128,5x72,5 cm

FREEZER ****
- 3 wire baskets
- Lamp
- Lock&key

PERFORMANCE
- Energy Efficiency Class: C
- Energy Consumption: 1,295 kW/24hr
- Freezing Capacity:18 kg/24hr
- Climatic Class : T
